Hosted by the
League City Police Department

A one-day training class!

\$195 and includes

- ✓ Comprehensive workbook
- ✓ Certificate of completion
- ✓ 8 hours of TCOLE credit with PID#

Course Description: One of the greatest training needs currently facing the public safety and criminal justice professions is the need for sound and effective leadership training that promotes transparency, doing the right, noble and constitutional thing. Regardless of ones rank and or experience, “Leading Behind the Badge” is an essential training course for those who wear the badge. This training addresses the personal leadership development of the person behind the badge. It is often said that, “everything rises and falls on leadership.” It is a well-known and established fact “you cannot lead others until you can lead yourself.” Much of today’s leadership training focuses on the ability and proficiency of one’s profession and often ignores the benefits of developing sound personal leadership in our personnel which serve as the foundation on which to build cohesiveness within an organization and enhance other professional development. This training is intense, fast-paced, experience-based and gets right to the heart of real-life issues faced in public safety and criminal justice.
